Have the Chinese Authorities published a Wanted Circular asking that *Laubhoring* ^{CHEN KUNG} be arrested. Would it be possible to obtain a full description of *Laubhoring*? Is he known by sight to any of our staff?

No circular has issued for the reason that the Chinese Authorities believe their man to be in Shanghai & any finding out might result in his making out of the jurisdiction. He is not known to any of our staff. *Laubhoring* no doubt a wanted *JR*
